

Organisation and Authorised Officer form

This form is used to provide the Australian Competition and Consumer Commission, in its role as the Digital ID Regulator, with key information about organisations seeking accreditation to provide services, or approval to participate in the Australian Government Digital ID System (AGDIS) under the *Digital ID Act 2024*.

An organisation should use this form to provide information about:

- the organisation that is applying to be accredited, or approved to participate in the AGDIS
- the Authorised Officer for the organisation – the person who has authority to act on behalf of the organisation. For example, an authorised officer could be a director, secretary or office holder of the organisation, or another position that can be verified on the organisation's business record.
- primary contact person/s for the organisation.

This form is also used to provide consent for the electronic service of documents and notices under the Digital ID legislation.

When submitting applications relating to accreditation or approval to participate in the AGDIS, an organisation can reattach a submitted Organisation and Authorised Officer form to identify the organisation that the application relates to.

Where an organisation holds an existing accreditation, or approval to participate in the AGDIS, this form can be used to update the organisation's Authorised Officer and primary contact/s.
